

GRADE A MILK LAW OF 2001 (EXCERPT)
Act 266 of 2001

ARTICLE III

288.500 Licensing required; prohibited conduct; compliance with act; temporary license or permit; state agencies operating dairy facilities; applicant for initial grade A dairy farm permit; examination of books, records, and accounts; applicants for permits or licenses; milk products manufactured at retail food establishments.

Sec. 30. (1) A person shall not do any of the following without being licensed under this act:

- (a) Produce grade A milk to be offered for sale.
- (b) Collect grade A milk samples for regulatory purposes.
- (c) Operate a milk transportation company that owns or operates a bulk milk tank truck.

(d) Process, label, distribute, or sell grade A milk or grade A milk products, except that a person operating a retail food establishment is exempt from licensure under this act if he or she complies with subsection (8) and is licensed under the food law of 2000. This subdivision does not prevent the sale, at wholesale or retail at a retail food establishment licensed under the food law of 2000, of milk or milk products that are packaged in final consumer packages at a facility licensed under this act.

- (e) Wash milk tank trucks.

(f) Manufacture single service containers or closures to be used for grade A milk products, except that the manufacture of single service containers and closures for grade A dry milk products are exempt from this section.

(2) A person licensed under the manufacturing milk law of 2001 or this act and engaged in activities regulated under this act shall comply with the requirements of this act, where applicable, and is subject to the penalties set forth in this act, where applicable.

- (3) The director may issue a temporary license or permit for activities regulated by this act.

(4) State agencies operating dairy facilities under a memorandum of understanding with the department are not required to be licensed or permitted or to provide producer security under this act but are required to otherwise be in compliance with this act.

(5) An applicant for an initial grade A dairy farm permit shall complete education, acceptable to the director, on drug residue avoidance control measures, as identified in the pasteurized milk ordinance, prior to receiving the permit.

(6) The director shall examine the books, records, and accounts of a milk plant if the milk plant has not responded to requests from the director pursuant to section 31 or article IV. All examinations of books, records, and accounts required under this subsection shall be made within this state.

(7) All applicants for a permit or license must complete an application provided by the department and meet the minimum requirements of this act, the pasteurized milk ordinance, and rules promulgated under this act.

(8) Milk products manufactured at retail food establishments licensed under the food law of 2000 are exempt from this act if both of the following conditions are met:

- (a) All ingredients contained in these products comply with the requirements of the food law of 2000.
- (b) The milk products manufactured are not sold wholesale or to another business entity.

History: 2001, Act 266, Eff. Feb. 8, 2002;—Am. 2008, Act 136, Eff. June 20, 2008.

288.501 Milk plant license; application; form; renewal; fees; deposit; new construction, remodeling, and equipment changes; late fee; total fees.

Sec. 31. (1) An applicant for an initial license as a milk plant shall apply to the department on a form supplied by the department and provide a statement containing the following:

(a) The milk plant's correct legal name and any name by which the milk plant is doing business. If the milk plant is a person not an individual, the name of each officer and director, and partner, member, or owner owning in excess of 35% of equity or stock.

(b) The location of the milk plant to which the statement pertains and the name of the responsible person who may be contacted at that location.

(c) The anticipated value of greatest milk receipts the milk plant expects to receive during a consecutive 30-day period within the licensing period.

(d) A list of producers, including names, mailing addresses, and department producer permit number, with whom the milk plant intends to do business except that not later than 90 days after becoming licensed for the first time, the milk plant shall send an updated list to the department.

(e) The name of the financial institution through which milk checks are to be issued to producers.

(2) A milk plant shall annually renew a license issued under this act by applying to the department at least 30 days prior to the expiration of the existing license. The anniversary date of a license for a milk plant that is providing a financial statement as a security device is 130 days after the close of the licensee's fiscal year. The milk plant shall apply for renewal of a license on a form supplied by the department and provide a statement containing the following:

(a) The milk plant's correct legal name and any name by which the milk plant is doing business. If the milk plant is a person not an individual, the name of each officer and director, and partner, member, or owner owning in excess of 35% of equity or stock.

(b) The location of the milk plant to which the statement pertains and the name of the responsible person who may be contacted at that location.

(c) The greater of either the value of greatest milk receipts that the milk plant received within a consecutive 30-day period during its last license year or the greatest milk receipts that the milk plant is anticipated to receive during a consecutive 30-day period within the licensing period.

(d) A complete list of producers, including names, mailing addresses, and department producers permit number, with whom the milk plant is doing business.

(e) The name of the financial institution through which milk checks are issued to producers.

(3) Each milk plant shall pay a \$175.00 annual licensing or permitting fee, and additionally, an annual fee of \$5.00 for each dairy farm whose milk is received at the milk plant, receiving station, or transfer station, plus an additional \$10.00 per farm shipping to it if the milk plant, receiving station, or transfer station operator does not maintain an adequate number of industry personnel, as determined by the director, who are approved to conduct certified industry farm inspections. The department shall not levy this additional \$10.00 per farm fee if a cooperative association is conducting the certified industry farm program for the milk plant operator. The department shall only charge the dairy farm license fee to the producer if the producer is not assigned to a milk plant that pays the annual fee required by this subsection for the producer. Any such unassigned producer shall be charged a handling fee of \$5.00 plus an additional \$10.00 if certified industry farm inspectors are not assigned to the farm.

(4) Any fees, assessments, civil or administrative fines, and money from any other source collected by the department under this act shall be deposited into the dairy and food safety fund created in section 4117 of the food law of 2000, MCL 289.4117.

(5) A milk plant operator shall submit detailed plans to the department for approval before commencing new construction, remodeling, and equipment changes. Plans for new construction or remodeling shall include a plan that provides for operational or physical isolation of the milk plant from sources of potential product contamination caused by animal production facilities located in close proximity to the milk plant. Retail or public viewing areas shall be separated from processing areas by a solid floor-to-ceiling partition, except that, as approved by the director, other equally effective means of protection may be used.

(6) The department may impose a late fee of \$10.00 for a renewal application for each business day the application is late. The total late fee shall not exceed \$100.00. The department shall not issue or renew a license until any fees and fines have been paid. A hearing is not required regarding the department's refusal to issue or renew a license under this subsection except as allowed under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. The department may charge a convenience fee and collect from the applicants any additional costs associated with the method of fee payment for the license or permit fees described in this section and sections 32 and 33, not to exceed the costs to the department.

History: 2001, Act 266, Eff. Feb. 8, 2002;—Am. 2008, Act 136, Eff. June 20, 2008.

288.502 Certified industry farm inspectors; license fee; requirements.

Sec. 32. (1) Each certified industry farm inspector shall pay a 3-year license fee of \$60.00 for a license to conduct certified farm inspections. An initial license fee may be prorated in 6-month increments at \$10.00 per increment. License renewal shall take place on the completion date of the 3-year certification.

(2) Certified industry farm inspectors must comply with the requirements for certified inspectors listed in the pasteurized milk ordinance and, in addition, shall conduct both of the following:

(a) A farm inspection of all producers having the first routine count exceeding legal standards for bacteria or somatic cells, or both.

(b) One routine inspection per year of all producers, with a copy of each required inspection forwarded to the local area dairy inspector.

(3) Certified industry farm inspectors may perform official inspections, only with authorization by the director.

Michigan Compiled Laws Complete Through PA 242 of 2009

288.503 Activities requiring license or permit; fees; license renewals.

Sec. 33. (1) Each receiving station or transfer station must be licensed or permitted either as part of a milk plant or as a stand-alone facility. Each stand-alone facility will be licensed or permitted at a rate of \$50.00 per year. License renewal shall take place on June 30 every year.

(2) Each milk tank truck cleaning facility that cleans milk contact surfaces of milk tank trucks used to haul milk or milk products regulated under this act must be licensed or permitted under this act either as part of a milk plant, receiving station, or transfer station or a stand-alone milk tank truck cleaning facility. A licensing or permitting fee shall not be charged under this act for a milk tank truck cleaning facility that is a part of a dairy plant, receiving station, or transfer station licensed or permitted under the manufacturing milk law of 2001. Each stand-alone facility will be licensed or permitted at a rate of \$50.00 per year. License renewal shall take place on June 30 every year.

(3) Each milk transportation company must be licensed or permitted under this act at a rate of \$20.00 per year. License renewal shall take place on June 30 every year.

(4) Each milk tank truck must be licensed or permitted under this act at a rate of \$10.00 per year. License renewal shall take place on June 30 every year.

(5) Each distributor who is primarily engaged in the distribution of finished grade A milk products must be licensed or permitted under this act either as part of a milk plant or as a stand-alone distributor. Each stand-alone distribution facility is licensed at a rate of \$50.00 per year. License renewal shall take place on June 30 every year.

(6) Each single service containers and closures manufacturer must be licensed or permitted under this act either as part of a milk plant or as a stand-alone manufacturer. Each stand-alone facility will be licensed at a rate of \$50.00 per year. License renewal shall take place on June 30 every year.

(7) A person shall not pick up grade A milk in a farm pickup milk tank from a farm bulk milk tank without a hauler/sampler license issued by the department under this section. Each applicant for a license shall be examined by the director under the provisions of this act to determine his or her qualifications to evaluate milk in a farm bulk milk tank, to accurately measure milk in a farm bulk milk tank, to obtain representative samples of milk from a farm bulk milk tank, to properly handle and deliver the samples, and to pick up milk. The license fee is \$40.00 for 2 years. An initial license fee may be prorated in 6-month increments at \$10.00 per increment. A hauler/sampler licensed or permitted in another state shall apply for a license from the department without examination after submitting satisfactory proof of training and current licensing in another state to the department with the license fee and application, unless this requirement is waived by the director based on reciprocal agreements with individual states. The director may deny license renewal to any bulk milk hauler/sampler if the bulk milk hauler/sampler has not had a satisfactory evaluation of their hauler/sampler methods in the previous 2 years. License renewal shall take place on June 30 every 2 years.

History: 2001, Act 266, Eff. Feb. 8, 2002.

288.503a Receipt of completed application; issuance of license within certain time period; report; "completed application" defined.

Sec. 33a. (1) The department shall issue an initial or renewal license or permit for regulated activities described in sections 31 and 33, other than a grade A dairy farm, a bulk milk hauler/sampler, or a certified industry farm inspector, not later than 90 days after the applicant files a completed application. Receipt of the application is considered the date the application is received by any agency or department of the state of Michigan.

(2) If the application is considered incomplete by the department, the department shall notify the applicant in writing, or make information electronically available, within 30 days after receipt of the incomplete application, describing the deficiency and requesting the additional information. The 90-day period is tolled upon notification by the department of a deficiency until the date the requested information is received by the department. The determination of the completeness of an application does not operate as an approval of the application for the license or permit and does not confer eligibility of an applicant determined otherwise ineligible for issuance of a license or permit.

(3) If the department fails to issue or deny a license or permit within the time required by this section, the department shall return the license or permit fee and shall reduce the license or permit fee for the applicant's next renewal application, if any, by 15%. The failure to issue or deny a license or permit within the time required under this section does not allow the department to otherwise delay the processing of the application, and that application, upon completion, shall be placed in sequence with other completed applications received at that same time. The department shall not discriminate against an applicant in the processing of the application based upon the fact that the license or permit fee was refunded or discounted under this

subsection.

(4) Beginning October 1, 2005, the director shall submit a report by December 1 of each year to the standing committees and appropriations subcommittees of the senate and house of representatives concerned with agricultural and food issues. The director shall include all of the following information in the report concerning the preceding fiscal year:

(a) The number of initial and renewal applications the department received and completed within the 90-day time period described in subsection (1).

(b) The number of applications denied.

(c) The number of applicants not issued a license or permit within the 90-day time period and the amount of money returned to licensees and permittees under subsection (3).

(5) As used in this section, "completed application" means an application that is complete on its face and submitted with any applicable licensing or permit fees and fines as well as any other information, records, approval, security, or similar item required by law or rule from a local unit of government, a federal agency, or a private entity but not from another department or agency of the state of Michigan. Under appropriate circumstances, completed application includes the completion of construction or renovation of any facility and the passing of a satisfactory inspection.

History: Add. 2004, Act 277, Imd. Eff. July 23, 2004;—Am. 2008, Act 136, Eff. June 20, 2008.

288.504 Temporary license or permit.

Sec. 34. The director may issue a temporary license or permit for activities regulated by this act if the director determines that issuance of the license or permit will not be detrimental to the protection of the public health, safety, or welfare or will not cause an imminent threat of financial loss to producers.

History: 2001, Act 266, Eff. Feb. 8, 2002.

288.505 Special license fees or taxes.

Sec. 35. A political subdivision of the state shall not levy special license fees or taxes on 1 or more of the persons or businesses described in this article except for taxes or fees that are generally levied on persons or businesses other than milk plants and milk plant operators.

History: 2001, Act 266, Eff. Feb. 8, 2002.
